Watercolor Landscapes: Trees, Ground and Sky

MATERIALS Jerry's Artarama in Raleigh has excellent prices - often half or less of list price. Their online store is very easy to order from. http://www.jerrysartarama.com/all-products

You can - of course - get comparable materials elsewhere, but if you don't already have your supplies, I suggest Jerry's. I have listed their catalog numbers and prices below. Those of you who already have paper, brushes, paint and a palette, just bring what you have. Please feel free to email me if you have questions. wayview@triad.rr.com

Paper - either size is fine Arches 140 lb. cold press pad, 12 sheets. 9 x 12 is 10.90 (Jerry's 55087) Arches 140 lb. cold press pad, 12 sheets, 10 x 14 is 14.93 (Jerry's 55088)

Brushes - Silver Black Velvet watercolor brushes are wonderful. Series 3000S Round #4 (Jerry's 38090) $7.29 But any good quality watercolor brush size #4 is fine.

Paint - For beginners I suggest the following: Turner Concentrated Artist's Professional Watercolor set of 18 colors (Jerry's V19240) $19.99

Palette - Either of these is fine. (1) Miello (Jerry's V01999) $11.19 (2) Creative Mark Folding Plastic Palette (Jerry's 13461) $3.99 TOTAL for least expensive options. $42.17 (Note: These prices were for 2018 and may have changed.)

For your photos, please bring good quality large prints or an IPad or Laptop. A cell phone is too small. Also bring a small packet of kleenex.
